

Forklift Operator Training

As an RTITB accredited partner, the UK's leading accrediting body for Forklift Operator training, we deliver courses to improve compliance, reduce accidents and keep costs under control. RTITB Accreditation helps to prevent bad habits and shortcuts that may otherwise creep in over time, which may result in accidents and reassures companies of the quality of training delivered.

Course Type	Duration	Cost
Novice	5 Days	£400
Semi-Experienced	3 Days	£300
Conversion	2 Days	£200
Refresher	1 Day	£130

All training will take place at our Accredited Training Centre @ 1070 South Street, G14 0AP

- Training not only meets but often exceeds the minimum standards outlined in The Health & Safety Executives (HSE) Approved Code of Practice (ACoP) L117 Rider-Operated Lift Trucks - Operator Training and Safe Use
- Facilities and equipment used for training meet approved standards
- Highly skilled and regularly assessed instructors, who have received training in instructional techniques and have experience of using the lift trucks and attachments trainees are operating
- You will have records of each candidate's training

For bookings and more information please telephone 0141 958 1133 or email:

So, what can RTITB accredited Forklift Operator training do for your business?

INCREASED EFFICIENCY

By operating in line with best practices, operators will help to reduce the hazards in a dangerous environment

You should see a decrease in damage to stock and the number of workplace accidents.

Currently, lift trucks cause 25% of fatalities in the workplace, yet one RTITB accredited site picks, on average, 1.45 million cases a week with 0 injuries in the last 3 years

If the worst should happen, you will have access to an audit trail through comprehensive records of training, providing proof that you have complied with your legal obligations

INCREASED SAFETY

By operating in line with best practices, operators will help to reduce the hazards in a dangerous environment

You should see a decrease in damage to stock and the number of workplace accidents.

Currently, lift trucks cause 25% of fatalities in the workplace, yet one RTITB accredited site picks, on average, 1.45 million cases a week with 0 injuries in the last 3 years

If the worst should happen, you will have access to an audit trail through comprehensive records of training, providing proof that you have complied with your legal obligations

INCREASED PROFITS

Less accidents. Less damage. Less costs.

RTITB accredited training can help you maintain a confident, skilled and efficient workforce that can carry out greater workloads safely and efficiently, saving you the unnecessary costs that eat up many companies' profits.

Course Type	Cost
